Federal Register / Vol. 81, No. 165 / Thursday, August 25, 2016 / Notices

Central Pacific Fisheries Convention Implementation Act (16 U.S.C. 6901 *et seq.*), the Permanent Advisory Committee, or PAC, has been formed to advise the U.S. Commissioners to the WCPFC. Members of the PAC have been appointed by the Secretary of Commerce in consultation with the U.S. Commissioners to the WCPFC. The PAC supports the work of the U.S. National Section to the WCPFC in an advisory capacity. The U.S. National Section is made up of the U.S. Commissioners and the Department of State. NMFS Pacific Islands Regional Office provides administrative and technical support to the PAC in cooperation with the Department of State. More information on the WCPFC, established under the Convention on the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean, can be found on the WCPFC Web site: <http://wcpfc.int/>.

Meeting Topics

The purpose of the September 14, 2016, conference call is to discuss outcomes of the 2016 regular session of the WCPFC Scientific Committee (SC12) and to begin soliciting comments on the recently distributed Chair's paper on Harvest Strategy Management Objectives and a Consultative Draft of a Bridging CMM on Tropical Tunas to succeed CMM 2015-01.

Special Accommodations

The conference call is accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Emily Crigler at 808-725-5036 at least ten working days prior to the meeting.

Authority: 16 U.S.C. 6902 *et seq.*

Dated: August 22, 2016.

Emily H. Menashes,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Air Force

Notice of Intent To Prepare a Legislative Environmental Impact Statement for the Nevada Test and Training Range Military Land Withdrawal at Nellis Air Force Base, Nevada

AGENCY: United States Air Force (lead agency) and Bureau of Land Management, United States Department of Energy, United States Fish and Wildlife Service, and Nevada

Department of Wildlife (cooperating agencies)

ACTION: Notice of Intent

SUMMARY: The United States Air Force (Air Force) is issuing this notice to notify the public of its intent to prepare a Legislative Environmental Impact Statement (LEIS) for the Nevada Test and Training Range (NTTR) military land withdrawal at Nellis Air Force Base, Nevada. The LEIS is being prepared in accordance with National Environmental Policy Act (NEPA) of 1969; 40 Code of Federal Regulations (CFR), Parts 1500-1508, the Council on Environmental Quality (CEQ) regulations for implementing NEPA; and the Air Force Environmental Impact Analysis Process (EIAP) [32 CFR part 989].

This notice also serves to invite early public and agency participation in determining the scope of environmental issues and alternatives to be analyzed in the LEIS and to identify and eliminate from detailed study the issues which are not significant. To effectively define the full range of issues and concerns to be evaluated in the LEIS, the Air Force is soliciting scoping comments from interested local, state and federal agencies, interested American Indian tribes, and interested members of the public. This NOI also serves to provide early notice of compliance with Executive Order (EO) 11990, "Protection of Wetlands" and EO 11988, "Floodplain Management." State and federal regulatory agencies with special expertise in wetlands and floodplains have been contacted to request comment.

Scoping comments may be submitted to the Air Force at the planned public scoping meetings and/or in writing. **DATES:** The Air Force plans to hold five public scoping meetings from 5 p.m. to 9 p.m., on the dates and at the locations listed below.

- Wednesday, October 12, 2016: Beatty Community Center, 100 A Avenue South, Beatty, NV 89003
- Thursday, October 13, 2016: Tonopah Convention Center, 301 Brougher Avenue, Tonopah, NV 89049
- Tuesday, October 18, 2016: Caliente Elementary School, 289 Lincoln Street, Caliente, NV 89008
- Wednesday, October 19, 2016: Pahrangat Valley High School, 151 S. Main Street, Alamo, NV 89001
- Thursday, October 20, 2016: Aliante Hotel, 7300 Aliante Parkway, North Las Vegas, NV 89084

The agenda for each scoping meeting is as follows:

- 5:00 p.m. to 6:30 p.m.—Open House and comment submission
- 6:30 p.m. to 7:00 p.m.—Air Force Presentation
- 7:00 p.m. to 9:00 p.m.—Open House and comment submission resumes

Local notices announcing scheduled dates, locations, and addresses for each meeting will be published in the Bullseye, Pahrump Valley Times, Lincoln County Record, Tonopah Times-Bonanza, and Las Vegas Review-Journal newspapers a minimum of fifteen (15) days prior to each meeting. Comments will be accepted at any time during the Environmental Impact Analysis Process (EIAP). However, to ensure the Air Force has sufficient time to consider public input in the preparation of the Draft LEIS, scoping comments must be submitted no later than December 10, 2016.

ADDRESSES: Information on the NTTR Military Land Withdrawal and LEIS process can be accessed at the project Web site at www.nttrleis.com. The project Web site can be used to submit scoping comments to the Air Force, or comments and inquiries may also be submitted by mail or email to the 99th Air Base Wing Public Affairs, 4430 Grissom Ave., Ste. 107, Nellis AFB, NV 89191 or by email at 99ABW.PAOutreach@us.af.mil.

SUPPLEMENTARY INFORMATION: The current NTTR land withdrawal expires in November, 2021. In accordance with the Military Lands Withdrawal Act of 1999, the Air Force has notified Congress of a continuing military need for the NTTR withdrawal. Military land withdrawal applications have been prepared and submitted to Bureau of Land Management (BLM). The segregation of lands proposed for military withdrawal are addressed in a separate BLM **Federal Register** notice.

The Air Force LEIS supports Congressional decision-making for the proposed military land withdrawal and will be programmatic in nature, adding value by setting out a broad view of environmental impacts and alternatives for Congress to consider. Following Congressional action on the NTTR land withdrawal proposals, site specific proposals based on particular DoD or Air Force defined needs for the range would be evaluated with the appropriate level of tiered or supplemental NEPA.

In particular, the LEIS will analyze alternatives for military land withdrawal of the NTTR to improve the range capacity and capability to support military test and training requirements now and into the future. The LEIS will assess the potential environmental consequences of the proposal to extend the existing NTTR military land

withdrawal beyond the current withdrawal expiration date. As part of the withdrawal extension, the Air Force proposes to continue military operations on the NTTR's existing 2,949,603 acres of land. In addition to extending the existing land withdrawal, the Air Force is also proposing to withdraw up to an additional 301,507 acres to improve the range's capacity to support military testing and training.

The alternatives being evaluated in the LEIS include: (1) Extending the existing land withdrawal and management of the NTTR (Status Quo); (2) extending the existing land withdrawal and providing the Air Force with increased access for military activities in the South Range of the NTTR; (3) Alternative 1 or 2 and expanding the existing withdrawal by including up to 301,507 additional acres, via three sub-alternatives; (4) establishing the time period of the withdrawal as either 20 years, 50 years, or as an indefinite military withdrawal; and (5) the No Action alternative which includes returning NTTR lands to the public domain, through the Department of the Interior. The alternatives structure allows for combining elements of alternatives in an additive fashion. For example, Alternative 2, could be selected along with sub-alternatives of Alternatives 3 (an option for expansion) and 4 (option for duration) as part of the Air Force's recommendation to Congress for the future military withdrawal. Within the framework of these alternatives, the LEIS will support Congressional action by identifying and evaluating potential impacts to land use, airspace, safety, noise, hazardous materials and solid waste, earth resources, water resources, air quality, transportation, wilderness and wilderness study areas, cultural resources, biological resources, socioeconomic, and environmental justice.

Henry Williams,

Acting Air Force Federal Register Officer.

DEPARTMENT OF EDUCATION

[Docket No. ED-2016-ICCD-0068]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Carl D. Perkins Career and Technical Education Improvement Act of 2006 (Pub. L. 109-270) State Plan Guide

AGENCY: Office of Career, Technical, and Adult Education (OCTAE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before September 26, 2016.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2016-ICCD-0068. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E-349, Washington, DC 20202-4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Braden Goetz, 202-245-7405.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed

information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Carl D. Perkins Career and Technical Education Improvement Act of 2006 (P.L. 109-270) State Plan Guide.

OMB Control Number: 1830-0029.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 56.

Total Estimated Number of Annual Burden Hours: 2,240.

Abstract: This information collection solicits from all eligible States and outlying areas the State plans required under Title I of the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV) (P.L. 109-270), as well as, for those States and outlying areas that fail to meet 90 percent of their performance levels for an indicator for three consecutive years, periodic reports on their progress in implementing the improvement plans required by section 123(a)(1) of Perkins IV.

Dated: August 22, 2016.

Tomakie Washington,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

1 A.2 PUBLIC SCOPING SUMMARY

2 NEPA and the Air Force’s implementing regulations require the lead agency (in this
3 case, the Air Force) to seek public participation throughout the environmental impact
4 analysis process. “Scoping” identifies potential issues and alternatives early in the
5 NEPA development process. The Air Force filed a Notice of Intent to prepare an LEIS.
6 The Notice of Intent to prepare an LEIS was published in the *Federal Register* on
7 August 25, 2016 (see Section A.1).

8 Although a scoping process is not required for an LEIS, the Air Force elected to involve
9 the community. After public notification, the Air Force held five public scoping meetings
10 in Nevada in Beatty, Tonopah, Caliente, Alamo, and North Las Vegas. Section 1.5 of
11 the LEIS provides details regarding the meetings, including attendance.

12 Verbal and written public comments were submitted via the project website, e-mail,
13 standard mail, and at the public scoping meetings (written and verbal comments). A
14 total of 1,331 members of the public and government agencies submitted comments to
15 the Air Force during the scoping meetings and comment period. The majority of public
16 comments received during the public scoping process were directed at concerns
17 regarding the structure of the Air Force’s proposal, biological and cultural impacts, and
18 impacts on land use and Proposed Wilderness (Table A-2). Seventy-six percent of
19 comments received were in form letters. Section 1.5.2 in the LEIS presents a summary
20 of the public comments provided to the Air Force during the public scoping period.
